Press release WMF Minigolf World Championships 2017

Nin, Croatia, 19th of September 2017

From September 20 to 23, the 2017 edition of the Minigolf World Championships will be held at Zaton Holiday Resort in Nin, Croatia. The World Championships is the most prestigious event on the World Minigolf Sport Federation (WMF) calendar and will crown the top players and teams in the world. It's being held at the end of a packed month of competition at Zaton Holiday Resort as the World Adventure Golf Masters and World Deaf Champions were held there last week. There are 23 countries represented in this year's World Championships, with 166 total participants (55 women and 111 men). This year sees two new countries joining the entry list as Brazil and Australia have sent participants to this major event. An official list of the countries participating can be found below.

Participants had official practice days from September 15 up through today to hone their skills on the two courses that will be played during the championships. They will play rounds on both the felt golf and miniaturegolf style courses during the four days of competition. The first two days will feature the team World Championships as players fight for the glory of their country and the awarding of team medals at the end of the second day. The third day will feature the individual Strokeplay World Championships. Finally on the fourth day the best players in the world are going head-to-head in the Matchplay Championship as the top 32 men and top 16 women from the Strokeplay World Championships will faceoff for the individual medals.

The Tournament Director and WMF Director had this to say about the upcoming tournament: "In the team competition we can expect the closest team battle ever. Conditions are great. It is no-ones' home course, so it is neutral ground for everyone. I am also excited about the new nations' appearance."

The WMF will have extensive coverage of the World Championships this year via its official Championship website and social media outlets. Pictures, results and videos will all be posted along with periodic live feeds on Facebook. Links to the various websites are provided below.

The World Minigolf Sport Federation (WMF) is the umbrella organization of 63 Minigolf sports associations worldwide with Continental Associations in Africa, America, Asia, Europe and Oceania. Over 1,000 championships courses are approved for official competitions and over 1,500 international minigolf tournaments are held each year. Millions of players all around the world like to play minigolf as a private leisure activity and in public competitions.
